

## PRESS RELEASE

### CARS Recon Inc. Appoints New Director of Operations

**Franklin, Tenn** (March 30, 2015) – Capital Automotive Reconditioning Services (CARS) announced this week the appointment of Mr. John Weaver as the New Director of Operations. Weaver is well prepared for the new position, having served as Car Brite’s Director of European Operations for three years before working as the Vice President of the Auction Division of Car Brite. Experienced in all phases of the sales process, he has also worked for Valvoline Auction Division and Auto Wax Company.

Weaver has also developed distributor networks in the Southeastern United States, as well as a complete marketing and distribution plan for the United Kingdom and Europe.

Most recently, Weaver served as the Regional Manager for CARS Recon, Inc. with locations in the Southeastern United States.

Chief Operating Officer, Kay Hudson states. “I am thrilled to announce Mr. John Weaver as the Director of Operations for CARS Recon, Inc. John will be working with the network of Regional Managers and Location Managers at all of our sites to continue the CARS commitment to quality, production, and service. With John on board, this will allow me to focus on our technology, training, and safety at all of our sites; and within the industry.”

For more information, please contact: Kay Hudson at 615.686.9680 or [khudson@capautorecon.com](mailto:khudson@capautorecon.com).

**Capital Automotive Reconditioning Services (CARS)** is based in Franklin, TN, and has been serving the automotive auction industry since 2003. Started by Ron Hope, a former auto auction executive, CARS now operates 38 shops, including 31 auction locations. CARS specializes in all aspects of auto auction processes including; supplying all labor, management and materials associated with auto reconditioning, detailing, mechanical inspection and repair, paint and body repair, sale-day arbitration, CR inspections, and auction facility planning, all on a fixed-fee basis. CARS also offers consulting and operational and financial audits for auction operations, recon, mechanic and paint and body shops complete with written performance assessments and recommendations.
